

Small-Office/Home-Office (SOHO) Cabinets

**These compact cabinets
offer big features for
small or home offices.**

FEATURES

- » Weight capacity of 500 pounds.
- » Constructed of a welded 16-gauge steel frame with four rack angle mounting struts.
- » Fit under standard-height modular desktops.
- » Open bottom promotes air circulation. Cool air is drawn from the floor through the fan cutouts on the rear door.
- » To seal the bottom of the cabinet, order an optional Base Plate.
- » The optional Fan Assembly with two 4-inch fans and finger guards can be added to the rear door to provide additional heat dissipation.
- » Meet EIA industry standards.
- » **WARRANTY** — Lifetime

OVERVIEW

Here's the perfect solution for home- and small-office networks: compact cabinets. At less than 26" high, they're small enough to easily slide under a desk or countertop. And, with the included casters, they're easy to roll in and out when you need to access equipment and cables.

Don't worry about heat buildup either. The rear doors provide mounting locations for two 4" fans.

Compact and secure.

At 11U, you have plenty of room to house servers, routers, switches, and other networking equipment. The adjustable 19" rails feature M6 holes for mounting regular servers and blade servers. Choose from a number of shelves depending on your equipment mix.

To keep prying fingers out of your equipment, both the front and back doors lock. The base is open to promote air circulation.

What's included

- ♦ Fully assembled cabinet
- ♦ (4) non-locking, swiveling casters (installed)
- ♦ (4) leveling legs (installed)
- ♦ (30) M6 cage nuts
- ♦ (30) M6 screws
- ♦ (2) pairs of keys

Why Buy From Black Box? Exceptional Value. Exceptional Tech Support. Period.

Recognize any of these situations?

- You wait more than 30 minutes to get through to a vendor's tech support.
- The so-called "tech" can't help you or gives you the wrong answer.
- You don't have a purchase order number and the tech refuses to help you.
- It's 9 p.m. and you need help, but your vendor's tech support line is closed.

According to a survey by *Data Communications* magazine, 90% of network managers surveyed say that getting the technical support they need is extremely important when choosing a vendor. But even though network managers pay anywhere from 10 to 20% of their overall purchase price for a basic service and support contract, the technical support and service they receive falls far short of their expectations—and certainly isn't worth what they paid.

At Black Box, we guarantee the best value and the best support. You can even consult our Technical Support Experts before you buy if you need help selecting just the right component for your application.

Don't waste time and money—call Black Box today.
