

## LanTEK III

Cable Certifier

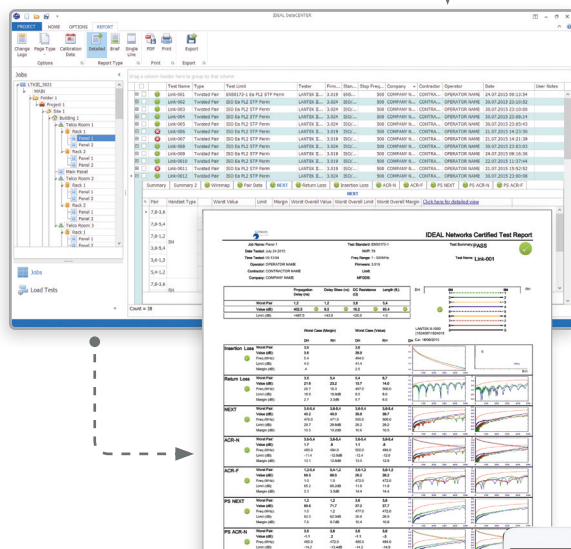

# Test data when you want it, where you want it

Send test data from  
anywhere using the Free  
**IDEAL AnyWARE** app

**IDC** IDEAL Data Center software

Using the free IDEAL AnyWARE app, field technicians can share test data with colleagues or customers without leaving the jobsite, resulting in greater collaboration, more on-time job completions and reduced costs.

- **New troubleshooting features that save time and money** – Locate hidden connections, splices and cable faults using Time Domain Return Loss (TDRL) and Time Domain Crosstalk (TDX).
- **New permanent link adapter saves money** – Reduce down time and lower maintenance costs with field replaceable RJ45 contacts.
- **New FiberTEK III modules** – Tier 1 certification of fibre cabling eliminates the need for additional fibre testers. Available on 500MHz and 1000MHz models.
- **Industry leading battery life** – 18 hours of continuous testing without interruption.
- **New test data software** - Create powerful client reports quickly and easily from multiple testers using one PC application.
